Dear colleagues,

On behalf of Poznan University of Technology let me express our sincere gratitude to you and inform you on the following.

Looking forward to further development on cooperation, Poznan University of Technology focuses on joint scientific projects within HORIZONT 2020 and „ERASMUS+” programs. Enclosed there is a list of priority areas of research, which may be interest to PhD students, young scientists and doctors from your university in appropriate fields.

Welcoming the partnership between our universities, we are looking forward to exploring new areas for cooperation.

Sincerely,
